Timeline of events

Aims

To determine what would classify as a significant event

To be able to create a significant events timeline

To write a detailed review

What is a timeline?

A timeline is a way in which data can be presented to show an order of events or activities.

A timeline may be presented as:

- lists
- tables
- infographics
- images

All information is provided in chronological order.

Example of a timeline:

Activity

Using the case study provided:

create a timeline of significant events.

Read the case study and make notes on or bullet point anything that you consider to be a significant event.

Remember to include:

- standard operating procedures
- referencing

Assignment

Using the information you have gathered over the last few sessions write a 500-word review on your findings from the case study.

Remember to include references to support your research.
