

Utility bill

Ivan lives with his friends and pays a third of the monthly food costs and utility bills. This month the total bill is £1095.

- How much will Ivan pay?
- How much will his friends pay?

A piece of wood is 180 cm long.

Tom cuts it into three pieces in the ratio 2 : 3 : 4.

Work out the length of the longest piece.

Squash is prepared by combining one part concentrate with four parts of water.
How much squash drink will you make if 200 ml of squash concentrate is used?

Choose a bar model and write your own question for it.

Swap the question with your partner.

(You may opt to draw your own model instead.)
