Health T Level

Developing our future workforce

What is the Health T Level?

- T Levels are an exciting new technical programme for 16- to 19-year-old learners
- A T Level is the equivalent of three A Levels upon completion
- It is a unique way of learning that includes a high-quality industry placement
- Students in Leeds will focus their industry placement around the following specialisms:
 - Adult nursing (our focus for primary care)
 - Supporting therapy teams
 - Supporting mental health teams

Industry placement within primary care

- Placements commence September 2022
- Students are at placement site on Wednesdays and Thursdays for 22 weeks
- Students will have completed the knowledge section of the care certificate prior to placement
- Students will support your nursing staff and put their acquired skills into practice, including:
 - General observations
 - Obtaining a patient's height and weight
 - Supporting clinics in, for example, cleaning minor wounds and applying basic dressings

What we require from you

- Honorary contract
- Induction and meet the team in July 2022
- Availability to have students at your site on Wednesdays and Thursdays for 22 weeks from September
- Line manager
- Work buddy

Benefits for primary care

- Supporting the workforce of the future
- Highlighting the importance of general practice nursing
- Extra pair of hands in surgery and clinics
- Your practice could receive £1,000 for each student provided an industry placement
