ETHNIC GROUP DATA COLLECTION
STRICTLY CONFIDENTIAL

The Health Service needs to know the ethnic group of patients for the purpose of planning. This is to make sure that all sectors of the community have equal access to the services provided. Ethnic group describes how you see yourself, and is a mixture of culture, religion, skin colour, language, the origins of yourself or your family. It is not the same as nationality. The information will be treated in the strictest confidence.

The information is used only by National Health Service Staff and will not be passed on to other agencies, or used for any other purposes. Please indicate the ethnic group to which you feel you belong:

The ethnic groups reflect the changes in 2001 and match the 2001 Census.
