

Park ranger

Key
1 – Visitors centre
2 – Boathouse
3 – Garden café
4 – Playground
5 – Lakeside café

Scale
1:5000

The ranger must do a check of the facilities every afternoon.

They need to visit these places before returning to the visitor centre:

- Boathouse
- Garden café
- Playground
- Lakeside café

Which order should the Park Ranger visit them in?

How far will they have to travel between each place? What is their total journey distance?
